Our passion. Your event.

## BURGHLEY RESTAURANT

Despite the sport being known as 'Three Day Eventing' originally, the Land Rover Burghley Horse Trials takes place over four days: the first two days are dressage (half of the field compete on each day), followed by cross-country and then the showjumping round on the final day.

The hospitality marquee, whilst ideally situated in the main thoroughfare of the event, provides a peaceful haven with a gracious backdrop of Burghley House.

The marquee is equipped with private garden areas and is close to the main areas of interest at the Horse Trials. The fabled shopping avenues are only a short walk away with over 500 shops offering an unbeatable array of luxury goods, rural crafts, jewellery, furniture and clothing. The main arena is even closer where guests can enjoy the dressage, the start and finish of the Cross Country and the show jumping finale.

Reservations are taken for 2 upwards, with private tables guaranteed for parties of 6 up to 12 guests.

Private facilities available for 30 or more guests.
